

GENMAB TO ATTEND BANK OF AMERICA MERRILL LYNCH FORUM

Summary: Genmab will attend the 7th Annual Bank of America Merrill Lynch Pan-European Biotech / Medtech / Mid-cap Pharma 1-on-1 Forum on May 25, 2010.

Copenhagen, Denmark; May 7, 2010 – Genmab A/S (OMX: GEN) announced today its President, R&D and Chief Scientific Officer, Prof. Jan van de Winkel, Ph.D. will attend the 7th Annual Bank of America Merrill Lynch Pan-European Biotech / Medtech / Mid-cap Pharma 1-on-1 Forum on May 25 in London, UK.

About Genmab A/S

Genmab is a leading international biotechnology company focused on developing fully human antibody therapeutics for the potential treatment of cancer. Genmab's world class discovery and development teams are using cutting-edge technology to create and develop products to address unmet medical needs. Our primary goal is to improve the lives of patients who are in urgent need of new treatment options. For more information on Genmab's products and technology, visit www.genmab.com.

This press release contains forward looking statements. The words "believe", "expect", "anticipate", "intend" and "plan" and similar expressions identify forward looking statements. Actual results or performance may differ materially from any future results or performance expressed or implied by such statements. The important factors that could cause our actual results or performance to differ materially include, among others, risks associated with product discovery and development, uncertainties related to the outcome and conduct of clinical trials including unforeseen safety issues, uncertainties related to product manufacturing, the lack of market acceptance of our products, our inability to manage growth, the competitive environment in relation to our business area and markets, our inability to attract and retain suitably qualified personnel, the unenforceability or lack of protection of our patents and proprietary rights, our relationships with affiliated entities, changes and developments in technology which may render our products obsolete, and other factors. For a further discussion of these risks, please refer to the section "Risk Management" in Genmab's Annual Report, which is available on www.genmab.com. Genmab does not undertake any obligation to update or revise forward looking statements in this press release nor to confirm such statements in relation to actual results, unless required by law.
